

Electric Cleaner 2

A high quality solvent for cleaning ,lubricating and protecting a variety of electrical components.

Features & Benefits

- Cleaner, Lubricant and Protector in one - reduced inventory
- Lubricates as it cleans - eases movement of contacts, relays, armatures and other electrical parts.
- Dissolves oxide films, oils, dirt & dust - saves time and improves efficiency of electrical component.
- Leaves protective film - prevents further build up of oxidation and moisture which can cause electrical failure

P/N	Product	S/C	Packaging
34621	Electric Cleaner 2	SE2	500 ml aerosol

Application

Electric Cleaner 2 is a solvent based electrical cleaner which lifts and removes oxide films and removes dirt, dust and oil from electrical components and connections, whilst causing no damage to nylon or plastic components. The product is sprayed onto the affected area where the cleaner then starts work before the solvent base evaporates, leaving behind a protective lubricant. Electric Cleaner 2 is safe to use on all plastic & nylon parts.

Keys areas for use are multi-plug connections, particularly in under bonnet areas and where grease, oil and water are present, as well as front panel areas where they are exposed to rain.

Application areas also include motorcycles, dustcarts and other vehicles with exposed switchgear.

Instructions

- 1.Shake well before use.
- 2.SWITCH OFF ELECTRICAL SUPPLY.
- 3.Spray sparingly into item to be cleaned.
- 4.Allow to soak for 2-3 minutes.
- 5.If necessary blow dry with air.
- 6.Reconnect electrical supply.

Technical Information

Base:	Solvent cleaner
Appearance / colour:	Transparent
Odour:	Solvent
Specific gravity:	0.685 g/ml @ 25°C
pH:	Not applicable
Dilution ratio:	Not applicable
Solubility in water:	Insoluble
Application temp:	10 – 25°C
VOC:	604 g/ml
Shelf life:	24 months
Custom tariff code:	3403 9900
