85964	New All Purpose Foam Cleaner	NAPFC 500	500 ml aerosol

Application

KENT New All Purpose Foam Cleaner is a multi use foam cleaner with a wide spectrum of applications. It can be used on soft and hard surfaces and is designed to quickly and easily produce a sparkling, smear free finish and is specially formulated to overcome the use of many different competing products with just one KENT product. It can be used for all types of vehicles (inside and outside), industrial and MRO, handcraft, office including kitchen and washroom, windows and furniture. On glass it is effective and quick, plastics are quickly returned to look as good as new and seats and headlinings can be cleaned without “soaking”. The New All Purpose Foam Cleaner is fragranced so that it leaves a fresh clean smell.

Instructions

1. Spray the KENT New All Purpose Foam Cleaner from a distance of 25 to 30 cm on the surface to be cleaned.
2. Rub dry with a clean cloth. Repeat if necessary.

N.B.: 1. When using on fabric, always test an inconspicuous area first.
2. Please refer to the details of the NSF registration category C1 in the technical information overleaf.

Technical Information

Base:	Water based foam cleaner
Appearance/colour:	White foam (medium viscosity)
Odour:	Fruit-like
Specific gravity (20 °C):	0.913 g/l
pH:	10.0
Dilution ratio:	Not applicable
Solubility in water:	Fully miscible
Application temp:	10 to 35 °C
VOC:	191 g/l
Shelf life:	30 months
Custom tariff code:	3402 90 10 (750 ml) 8403 99 90 (500 ml)

NSF registration:	151415 Category C1 (750 ml) 151685 Category C1 (500 ml)
--------------------------	--

Based on the NSF registration category C1, the cleaner is acceptable for use in inedible product processing areas, non-processing areas, and/or exterior areas of food processing establishments provided that it is not used to mask odours resulting from unsanitary conditions, and that any characteristic odour or fragrance does not penetrate into an edible product area. When used on equipment that will be returned to a food processing area, the product must be completely washed off and rinsed with potable water before returning to the processing area.
